Hi Melissa
Attached is a copy of the current site plan with the sites "removed"
I have also attached the "new site plan"
Site 18-22 and 45-49 are new sites relocated from the front of the campground.
They are 30' wide sites.
Let me know if this is adequate.
Thank you

I will send a copy of what I would think you have been using to date at the county office and show the moved sites. All of the 10 new sites are 30' apart.
