GENERAL PROVISIONS

1. Notify Columbia County Public Works at least 48 hours in advance of starting proposed work.
Phone: 386-758-1019 Attention: Chad Williams
2. A copy of the approved permit must be displayed in a prominent location in the immediate vicinity of the connection of construction.
3. All work performed in the County's right of way shall be done in accordance with the most current Florida Department of Transportation standards, specifications and the permit provisions.
4. The permittee shall not commence use of the connection prior to a final inspection and acceptance by Columbia County.
5. If a Significant Change of the permittee's land use, as defined in Section 335.182, Florida Statutes, occurs, the Permittee must contact Columbia County.
6. Medians may be added and median openings may be changed by Columbia County as part of a Construction Project or Safety Project. The provision for a median might change the operation of the connection to be for right turns only.
7. All approved connection(s) and turning movements are subject to the County's continuing authority to modify such connection(s) or turning movements in order to protect safety and traffic operations on the County highway or County Highway System.

8. **Transportation Control Features and Devices in the County Right of Way.** Transportation control features and devices in the County's right of way, including, but not limited to, traffic signals, medians, median openings, or any other transportation control features or devices in the right of way, are operational and safety characteristics of the County Highway and are not means of access. The County may install, remove or modify any present or future transportation control feature or device in the right of way to make changes to promote safety in the right of way or efficient traffic operations on the highway.
9. The Permittee for him/herself, his/her heirs, his/her assigns and successors in interest, binds and is bound and obligated to save and hold Columbia County, its agents and employees harmless from any and all damages, claims, expense, or injuries arising out of any act, neglect, or omission by the applicant, his/her heirs, assigns and successors in interest that may occur by reason of this facility design, construction, maintenance, or continuing existence of the connection facility, except that the applicant shall not be liable under this provision for damages arising from the sole negligence of the County.
10. The Permittee shall be responsible for determining and notify all other users of the right of way.
11. Starting work on the County's Right of Way means that I am accepting all conditions on the Permit.
12. For all use other than residential, the Permittee shall provide signed and sealed site plans, including a driveway connection and other associated details.

SPECIAL PROVISIONS

1. The non-conforming connection(s) described in this permit is (are) not permitted for traffic volumes exceeding specified in "Other Special Provisions" below.
2. All non-conforming connections will be subject to closure or relocation when reasonable access becomes available in the future.
